Woman's Club Offers a Yearly Subscription To "Our Dumb Animals" To Teacher Organizing One

In order to stimulate interest in the prevention of cruelty to dumb animals, the Woman's Club offer a yearly subscription to "Our Dumb Animals," to the teacher who will organize a Humane Society in her room. Send your president's name to the chairman of the Humane Department, Mrs. George Longnecker, or Miss Anna Peers of Fourth street.

DESTROYED BY FIRE

Christian Women's College Burned At Hazel Green With Total Loss—Students Escape In Night Clothes.

The girls' dormitory of the Christian Women's College at Hazel Green, Wolfe county, was destroyed Thursday by fire. The loss is \$6,000, with little insurance.

Scores of students escaped in their night clothes and suffered severely from the extreme cold.

The building was one of the largest in the mountains.

Colonel Tom Anderson of Point au View Stock Farm, Maysville, has been here for several days visiting his brother and other relatives.—Dover News.

BARGAIN RATE.

WOMAN'S CLUB

Meets This Afternoon—Miss Casey To Talk On Health Conditions In County.

The regular meeting of the Woman's Club will be held at 2:30 o'clock this afternoon at the club room.

The open session will be conducted by the Humane Department. In the absence of the chairman, Mrs. George Longnecker, Misses Grace Bierbower, Jessie Yancey and Anna Peers will have charge of the meeting. Miss Casey, the visiting nurse, will tell of conditions as she finds them in Maysville, and make suggestions as to how we may secure better ones. Judge Rice will read from the Statutes of Kentucky such laws as were enacted for the protection of the young, the unfortunate and the helpless. This is a work that should interest every man and woman in Maysville, as it raises the standards of humanity. We cordially invite every one interested in this subject to come and take part in this meeting.

To the ministers and their wives and the visitors in the city we extend a special invitation.

"CROSSING THE BAR"

Rev. D. D. Chapin, Former Rector of the Church of the Nativity, This City, Near Death At His Vermont Home.

Miss Estene Paddock is in receipt of the news of the serious illness of the Rev. D. D. Chapin, of Brandon, Vt., former rector of the Church of the Nativity, this city. No hope is entertained of his recovery. His two daughters and son are at his bedside.

The departure from life's activities of this Godly man, scholar, churchman and gentleman will be deeply mourned and regretted by his former parishioners in Maysville where he venerated for his deep devotion to his church work and the Master's cause.

DON'T CROWD, MEN

Elderly California Woman Asks the Assistance of Mayor Lee In Securing a Bluegrass Husband.

It would seem that Mayor Lee is trying to run a matrimonial bureau, but it is not so—he is simply the man to whom women fly to when in distress. Yesterday he received a letter from an elderly California woman who is looking for a husband, and it is now up to some of the old bachelors who say they never had a chance. The writer asks the mayor to keep her name out of the papers, thus showing that she is a modest woman, which is one good point in her favor. The mayor will be glad, however, to furnish her name to any one wishing to get in communication with her.

The letter follows:

Mayor of Maysville, Ky.:

Dear Sir—I want a husband and ask you to help me find one.

I am an elderly lady. My children all married. I am a good cook and housekeeper, saving cheerful. The man must be 60 or 65 years old or even older if healthy and strong. He must have no one depending on him. He must have enough of this world's goods to keep two. Not drink to excess, mechanic or farmer. He must be good natured and pleasant.

I was born in the Bluegrass country and want one from "The Same Old Home."

Please do not put my name in the papers. I want you to see that the person is good reliable person if so you may give him my name and address.

If you do not want to be bothered just return these writings to me. Ollidge.

BEAUTIFUL COUNTRY CLUB

To Be Built In Maysville's New Suburb and Will Be Known As the "Edgemont Country Club"—Plans Now Being Drawn By Cincinnati Architect.

A beautiful country club house to be known as the "Edgemont Country Club" will be erected soon by a company composed of local gentlemen in Maysville's new suburb on the old Newdigate farm on the Lexington pike. A Cincinnati architect is now drawing the plans and the contracts will be let soon.

When completed, this building will be one of the most beautiful ever built in this section of the country. It will be built on the brow of the hill and will give the occupants a fine view of Maysville.

The building will be built with all modern conveniences and will be up-to-date in every particular.

MRS. JENNIE OSBORNE RECOVERING.

The many friends of Mrs. Jennie Osborne of Tuckahoe, who was injured by a fall recently, will be glad to know that she is recovering nicely under the care of Miss Grace Thomas, a trained nurse from Cincinnati. Now that she is past all danger she is expected to recover rapidly.—Dover News.

DEATH CALLS TWO AGED CITIZENS.

(Flemingsburg Times-Democrat.)
Died, Thursday eve, January 14, Uncle William Sapp, aged 83 years. Buried at Olive Branch Saturday. He was a good old-fashioned citizen and leaves a large family of children and grandchildren and will be greatly missed, but as he had lived out his allotted time, God's will be done. He was a member of the Christian church.

The venerable A. Stamper Dickey passed away Sunday at the home of his son-in-law, John L. Gray, at Taylorsville, Ky., his death resulting from a second stroke of paralysis. His remains were brought to Nepton Tuesday afternoon, the funeral taking place at the M. E. church, South, at that place, Rev. C. M. Humphrey officiating, and interment beside his wife in Elizaville cemetery. Deceased was born near this city December 22, 1831, and was in the eighty-fourth year of his age at the time of his death.

VETERAN OF THE WAR AND THE PEN.

(Dover News.)
We notice in the Maysville papers that on last Sunday Colonel Thomas A. Davis, veteran editor, celebrated his seventy-fifth birthday. His has been a busy and useful life, and may that big heart of his beat on for many more years yet, for the world can not have too many of his kind. Although his health has been bad for several years, we hope to have the pleasure of noting the recurrence of the fifty-fifth and the ninety-fifth anniversaries and then some.

REVIVING THE LYNCHING INDUSTRY.

Along with the announcement of a decline in the number of lynchings in 1914 comes the news that a Georgia community has hanged four negroes at one fell swoop, thus giving the 1915 record a booming send-off.

Monticello, Ga., is the place which has done itself the honor of staging a quadruple lynching. If there should be a continued decline in that form of lawlessness this year it will not be chargeable to Monticello, which has done its best to keep up the south's unenviable reputation in that line.

According to the reports of the affair, two negro men and two negro women were "taken from jail and hanged, their bodies riddled with bullets." These negroes, presumably, were undesirable citizens. They had not killed anybody, although the had engaged in a fight with some of the municipal peace officers in which a policeman had been slightly wounded. Their conduct, of course, was reprehensible, but their offense was not such as to call for an outbreak of violence. Justice probably would have been appeased had they been tried in court by the imposition of a fine or a short term in jail or both.

It seems almost incredible that four persons should have been lynched as the outcome of a mere street row in which no one appears to have been seriously injured. Monticello has made a record for senseless bloodshed that will be hard to live down.—Courier-Journal.

HENS AND ARTILLERY.

A captain of the London Rifle Brigade who has noticed that hens in Old Flanders lay freely during an artillery bombardment, writes home to say that after the war he will "try running a poultry farm on the explosive system." He must be unfamiliar with the industry. It can not stand any more expense. Already the cost of hygienic quarters for the fowls and the monthly feed bill make the raising of chickens and the production of strictly fresh eggs a luxury.—New York Sun.

THE WHOLESALE MURDER HAS NOT STARTED.

A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter. It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Maysville woman's convincing statement: Mrs. Dora McLeod, Maysville, Ky., says: "I had been feeling poorly for some time, before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them and before long I was a great deal better. I was able to sleep well and they improved my health."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McLeod had. Foster-McIlburn Co., Maysville, Buffalo, N. Y.

RATE INCREASE NECESSARY

FARMERS' UNION OFFICIALS
THINK RAILROADS ARE ENTITLED TO MORE REVENUE.

Products of Plow and Farmer Who Lives at Home Should Be Exempt From Increase.

By Peter Radford.
Lecturer National Farmers' Union.

The recent action of the Interstate Commerce Commission in granting an increase in freight rates in the eastern classification of territory; the application of the roads to state and interstate commissions for an increase in rates, and the utterances of President Wilson on the subject bring the farmers of this nation face to face with the problem of an increase in freight rates. It is the policy of the Farmers' Union to meet the issues affecting the welfare of the farmers squarely and we will do so in this instance.

The transportation facilities of the United States are inadequate to effectively meet the demands of commerce and particularly in the South and West additional railway mileage is needed to accommodate the movement of farm products. If in the wisdom of our Railroad Commissions an increase in freight rates is necessary to bring about an improvement in our transportation service, and an extension of our mileage, then an increase should be granted, and the farmer is willing to share such proportion of the increase as justly belongs to him, but we have some suggestions to make as to the manner in which this increase shall be levied.

Rates Follow Lines of Least Resistance.

The freight rates of the nation have been built up along lines of least resistance. The merchant, the manufacturer, the miner, the miller, the lumberman and the cattleman have had their traffic bureaus thoroughly organized and in many instances they have pursued the railroad without mercy and with the power of organized tonnage they have hammered the life out of the rates and with unrestrained greed they have eaten the vitals out of our transportation system and since we have had railroad commissions, these interests, with skill and cunning, are represented at every hearing in which their business is involved.

The farmer is seldom represented at rate hearings, as his organizations have never had the finances to employ counsel to develop his side of the case and, as a result, the products of the plow bear an unequal burden of the freight expense. A glance at the freight tariffs abundantly proves this assertion. Cotton, the leading agricultural product of the South, already bears the highest freight rate of any necessary commodity in commerce, and the rate on agricultural products as a whole is out of proportion with that of the products of the factory and the mine.

We offer no schedule of rates, but hope the commission will be able to give the railroad such an increase in rates as is necessary without levying a further toll upon the products of the plow. The instance seems to present an opportunity to the Railroad Commissions to equalize the rates as between agricultural and other classes of freight without disturbing the rates on staple farm products.

What is a Fair Rate?

We do not know what constitutes a basis for rate making and have never heard of anyone who did claim to know much about it, but if the prosperity of the farm is a factor to be considered and the railroad commission concludes that an increase in rates is necessary, we would prefer that it come to us through articles of consumption on their journey from the factory to the farm. We would, for example, prefer that the rate on hogs remain as at present and the rate on meat bear the increase, for any farmer can then avoid the burden by raising his own meat, and a farmer who will not try to raise his own meat ought to be penalized. We think the rate on coal and brick can much better bear an increase than the rate on cotton and flour. We would prefer that the rate on plows remain the same, and machinery, planes and such articles as the poorer farmer cannot hope to possess bear the burden of increase.

The increase in rates should be so arranged that the farmer who lives at home will bear no part of the burden, but let the farmer who boards in other states and countries and who feeds his stock in foreign lands, pay the price of his folly.

MILLION DOLLARS

Yearly Will Be Lost By Liquor Embargo, Claim Dealers.

Cincinnati.—Local liquor men will lose \$1,000,000 a year by the embargo on liquor to West Virginia, according to estimates made by dealers yesterday.

Express companies have announced that they will not accept any more shipments of liquor into West Virginia, a dry state, until the United States Supreme Court decides that it is legal to do so. The West Virginia law prohibits the solicitation of liquor orders by any means.

The effort of the drys to have a bill passed which would close Cincinnati saloons between 10 p. m. and 6 a. m. is not taken seriously by saloon men. Nevertheless steps are being taken to checkmate any such schemes of the prohibitionists.

KENTUCKY FIFTH IN RAISING APPLES.

Washington.—This year's apple crop was the largest ever produced in the United States. Estimates announced recently by the Department of Agriculture placed the 1914 yield at 259,000,000 bushels, or 114,000,000 more than was produced last year.

The states leading in production of apples in 1914 were:

New York, 49,000,000 bushels; Pennsylvania, 23,100,000; Michigan, 17,200,000; Virginia, 15,300,000; Kentucky, 14,700,000; Ohio, 13,300,000; Missouri, 12,400,000; North Carolina, 9,000,000; Tennessee, 9,000,000 and Washington, 8,300,000.

A BAD COUGH FOLLOWED GRIPPE

James Martin Tells How Vinol Stopped the Cough and Restored His Strength After an Attack of Grippe.

Wapakoneta, Ohio.—"I am a farmer by occupation and the gripple left me with a bad cough and a nervous, weak run-down condition, and I could not seem to get anything to do me any good. I decided to try Vinol, and soon began to improve, and after taking one bottle I feel like a new man. Vinol has built me up, and my cough and nervousness are all gone, and I can truly say Vinol is all that is claimed for it."—JAMES MARTIN, Wapakoneta, Ohio.

The many letters which we are continually publishing from reliable people should prove to you that Vinol is a reliable body builder and strength creator; in fact we feel safe in saying that we have never sold in our store a more dependable, upbuilding tonic for the convalescent, weak and run-down than Vinol, our delicious cod liver and iron tonic without oil. Therefore if you need such a medicine, we ask you to try a bottle of Vinol, and if you don't think it helps you, we will return your money.

Vinol is a constitutional remedy for all weak, nervous and run-down conditions of men, women and children. John O. Peck, Druggist, Maysville, Ky., and at leading drug stores everywhere.

Friendship is a vase which, when it is flawed by heat, or violence, or accident, may as well be broken at once. It can never be trusted after. The more graceful and ornamental it was, the more clearly do we discern the hopelessness of restoring it to its former state. Coarse stones, if they be fractured, may be cemented again, precious stones never.

TO LAUNCH SUBMARINE TENDER.

Seattle, Wash., January 22.—When the submarine tender Bushnell slides down the ways at the yards of her builders here tomorrow she will be christened by Miss Escheline W. Bushnell of La Grange, Ill., a great-grand-niece of David Bushnell, who experiments with underwater craft during Revolutionary days and foreshadowed the invention of the modern submarine.

David Bushnell was a freshman at Yale College when he perfected his submarine. That was in 1771. The "American Turtle," as he called his craft, was constructed of iron plate and carried a supply of air sufficient to last the operator half an hour. It was screw propelled and was guided by a compass lighted from phosphorus.

The craft to be launched tomorrow is 380 feet long and is the largest naval vessel constructed on Puget Sound since the battleship Nebraska was built here in 1902. The Bushnell will be used as a tender for the Pacific submarine flotilla.

FIRST BASEBALL GAMES OF THE YEAR.

San Francisco, Cal., January 22.—The crack of the bat and ball will be heard for the first time in 1915 tomorrow when the first games of the season will be played by the Pacific Coast Intercollegiate baseball league. The league is made up of teams representing California, Stanford, College of the Pacific, St. Mary's, Nevada and St. Ignace. The season will continue until the end of February.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Crusen, of Bushnell, Ill.

BUSHNELL, ILL.—"I think all the trouble I have had since my marriage was caused by exposure when a young girl. My work has been housework of all kinds, and I have done milking in the cold and snow when I was too young to realize that it would hurt me. I have suffered very much with bearing down pains in my back and such miserable pains across me, and was very nervous and generally run down in health, but since I have taken Lydia E. Pinkham's Vegetable Compound my back never hurts me, my nerves are stronger, and I am gaining in health every day. I thank you for the great help I have received from your medicine, and if my letter will benefit suffering women I will be glad for you to print it."—Mrs. JAMES CRUSEN, Bushnell, Illinois.

A Grateful Atlantic Coast Woman.

HODGSON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO., (CONFIDENTIAL) LYN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

ANNIVERSARY OF "BLACK SUNDAY."

Petrograd, January 22.—The fact that today, for the first time in ten years, the authorities considered it unnecessary to take any precautions to prevent disorderly demonstrations on the anniversary of "Black Sunday," is regarded as striking evidence of the change that has come over the Russian people with the present war. The day is the anniversary of the memorable Sunday in 1905 when Russian strikers attempted to present a petition to the czar and were fired on by troops.

MEMORABLE DAY FOR LEO FRANK

Atlanta, Ga., January 22.—This is a day that is likely to live forever in the memory of Leo H. Frank. But for the eleventh-hour intervention of the Supreme Court of the United States, the young man would have died on the gallows today for the alleged murder of 14-year-old Mary Phagan. In his cell in the Tower the prisoner passed the day in the same manner that he has spent the most of his days since his arrest. Members of his family and counsel paid him brief visits during the day.

MARYLAND TO FIGHT TUBERCULOSIS.

Annapolis, Md., January 22.—Plans for a state wide campaign against tuberculosis in Maryland are to be perfected at a conference which assembled here today in response to a call issued by Governor Goldsborough. The conference, which will continue two days, has attracted many physicians, health officers and others interested in the crusade against the white plague.

ROCKY MOUNTAIN BASKETBALL

Denver, Col., January 22.—The basketball season of the Rocky Mountain intercollegiate conference opens at Golden tonight with a game between the Colorado School of Mines and the University of Denver. The other members of the conference are Colorado College, the State Agricultural College and the University of Colorado. The schedule provides for a season of 18 games, with March 6 as the closing date.

A BARREL OF TOMCATS

ABOUT REPRESENTS THE KENTUCKY DEMOCRATIC MUDDLE —THE FIGHT ON STANLEY IS GOING TO BE SOME-THING FIERCE.

The Woman Suffragists Are Going To Add Fury To the Fray.

Frankfort.—A party feud, endangering Democratic prospects, has developed and, as a result, leaders are making desperate appeals to Senator Johnson N. Camden to save the Democratic "ship." Several days ago Representative A. O. Stanley of Henderson announced that he would be a candidate for the Democratic nomination for Governor. Now a "back-to-Camden" movement has been started, notwithstanding that the United States Senator announced that he is not a candidate.

At any rate, a feud has already been started in the Democratic party, which the leaders declare, will be one of the factors that will cause their defeat at the polls next fall. Under the present Democratic administration the state has run deeply in debt. Assurance that Kentucky will be lifted out of this mire of debt is a political problem that is keeping the leaders guessing. The platform convention also is worrying the Democrats. Recently the Republicans held an enthusiastic meeting and agreed to hold a platform convention before the primary. Some of the Democrats wanted to follow the action of the Republicans and a conference was held. They were unable to reach an agreement. "The Democrats are in a peculiar position," said a leader. "We can't ignore or turn down the present Democratic administration in our state platform and win, and it is doubtful whether we can endorse it and win."

There are many other reasons why the Democrats are opposed to a platform convention before the primary. One astute statesman and politician said: "When 120 county conventions are held to select delegates to the state platform convention, at least a hundred of them will instruct for some candidate for Governor. The vision of a host of delegates to the platform convention endeavoring to carry out instructions by getting a resolution through favoring some candidate running in the primary and putting things in the platform that will militate for or against the interests of some candidate or other, is too terrifying for the leading Democratic politicians to permit such an assemblage, and there isn't the slightest chance for it to be held until the primary battle is ended."

The announcement of President H. H. Cherry of the Western Kentucky Normal School for the Democratic nomination for Governor on a platform opposing state wide prohibition aroused much interest. Other candidates are: Commissioner of Agriculture J. W. Newman, advocating the submission to the voters of a constitutional amendment adopting state wide prohibition; State Auditor Bosworth and Lieutenant Governor McDermott of Louisville, with Attorney General James Garnett, former State Superintendent H. V. McChesney of Frankfort and General Percy Haly of the Capital City as eminent possibilities. Judge C. N. Nunn of the Court of Appeals is a new name mentioned in connection with the race. He was appointed by Gov. McCreary to fill the vacancy created by the retirement from the bench of his father, T. J. Nunn.

AMERICA TO SEE THE GREAT "G. B. S."

New York, January 22.—Not the least interesting feature in connection with the engagement of Granville Barker and his company of English players, scheduled to open at Wallack's Theater tonight under the auspices of the Dramatic Society of New York, is the announcement that George Bernard Shaw, the English dramatist and publicist, is coming over to witness the production of a few of his plays by the company.

For many years George Bernard Shaw has been one of the most talked about men in England. Recognizing his powers as a drawing card, American lyceum managers have for years endeavored to tempt him to visit America with the most flattering offers to appear on the lecture platform. All of these offers have been unceremoniously turned down in the characteristic Shaw manner.

HEALTH LEAGUE

Miss Casey Makes Fine Showing In Her Great Campaign In City and County.

The Mason County Public Health League held its semi-annual meeting in the consolidated school auditorium at Mayslick, January 13, 1915. The auditorium was well filled with an interested audience.

Miss Jessie O. Yancey opened the meeting with a few remarks on the organization, its aims and accomplishments.

Miss Mary E. Sweeney, head of the Department of Home Economics of the State University, gave a very interesting address on "Home Economics," showing that poorly cooked and improper food impairs the health, whereas food properly cooked readily provides energy, rebuilds broken down tissue and produces good health. As illustration she told of the football team of State University, though apparently healthy and scientific, the professor, realizing that something was wrong, asked to have them fed properly for six months in preparation for opening of the next season, which was done, and resulted in the same team winning every game that season.

Miss Abbie Roberts, supervising nurse of the American Red Cross Town and Country Nursing service, made a short address on the work of the Red Cross.

Dr. A. O. Taylor of Maysville, told of Senator Owens of Oklahoma introducing a bill into the National Congress providing for a national Department of Public Health with a cabinet officer at the head, during President Taft's administration.

It failed of passage and is now one of the most important matters before the public. The Senator did this of his own volition and was promptly aided and encouraged by the American Medical Association, through their committee on legislation, with Dr. C. A. L. Reed of Cincinnati, as chairman. The public must come to the realization of this vital issue and recognize it as the most effective manner of dealing with the health problem.

Report given by public health nurse follows:

Number of patients carried over, January 1, 67; new, 138; births, 5; total, 210.

Number patients discharged, cured, 86; improved, 50; unimproved, 18; deceased, 18; total, 172; remaining, 38.

TUBERCULOSIS REPORT.
Patients carried over January 1, 36; new patients, 10; total, 46.

Number discharged, cured, 4; improved, 10; unimproved, 2; left town, 2; deceased, 7; total discharged, 23; remaining, 21.

When I say 4 cases of tuberculosis discharged cured, I mean these patients have been examined by the physician and pronounced all right. No symptoms remaining, but this does not mean there is no tendency. Every precaution must be kept up in order that there may not be a return. Plenty of fresh air, good food and proper exercise are necessary. Further, it does mean that these people are not a menace to the community, as they had been.

Calls—Sick, 48; school, 24; business, 36; metropolitan, 223; miscellaneous, 244; office, 48; total, 1,056.

VIGOROUS FIGHT

To Capture Kentucky Legislature Will Be Made By the Drys.

Washington.—Notice was served by the Anti-Saloon League of America that the liquor issue will be made a big factor in the Kentucky state campaign this year, and that it will wage a vigorous fight to capture the state Legislature with a view to the submission of state wide prohibition.

An announcement from the Anti-Saloon League national headquarters says: "In Kentucky next January a resolution will be submitted to the Legislature looking to an amendment to the constitution under which the state would become prohibition territory. At present 106 of the 120 counties of the state are dry. A Governor and other state officials, as well as members of the state Legislature, will be chosen in Kentucky next November, and those so chosen will have to solve the prohibition question as far as the submission of an amendment to the people is concerned."

Representative R. P. Hobson, author of the prohibition resolution recently defeated in Congress, said that he expects to go to Kentucky and take an active part in trying to win the state for prohibition.

RUSSIAN ASSAULT

ON GERMANS AND AUSTRIANS HAS GREAT STRENGTH—GERMANS ALSO STORMING FRENCH AT SOISSONS.

Roumania and Italy Ready To Plunge In To Aid Allies.

London, January 21.—Russia's three-fold assault on the German allies has, in the opinion of British observers of the war, resumed its steamroller character, alike in the north, the center and the south.

In the north the advance into East Prussia is reported as threatening the German lines of communication, and in Poland the trench warfare continues with small results for either side, but the Russians confidently dwell on what they call large German losses in efforts to hold present positions.

In the south the Russians declare that the Austrian resistance seems to have been broken down entirely, and that Transylvania lies open to them.

Reports of Roumania's long-awaited entrance into the fight continue to circulate, one rumor today has it, however, that Roumania will not immediately declare war, but that she will throw troops into Transylvania, which is Hungarian territory for the purpose of protecting Roumanian nationals.

Meanwhile German official utterances continue optimistic.

British Aviators Drop Bombs On Essen.
Krupp Gun Works Town.

London, January 21.—England heard tonight that British aviators took quick revenge for the attack on Yarmouth by German aircraft.

A dispatch for Arnheim, Holland, states that Essen, the home of the famous Krupp gun works, has been bombarded by airmen and considerable damage has been done.

Roumania and Italy Likely To Enter War.

Bucharest, January 21.—The probability of a new Austrian invasion of Serbia is seriously occupying political circles, where it is felt that the danger encircling Roumania is increasing and that Roumania will not be able to remain neutral. It is not believed here that Italy either will be able to remain neutral.

GROWERS CUT TOBACCO TOO SOON.

A farmer who has raised tobacco for years said to us this week: "The reason so much tobacco brings a price far below what the owners expected to get is that the crop has been cut 20 days or more before it is ripe. Pull a green apple and let it ripen, and it is bitter. Tobacco is like the apple and buyers know it."—Carlisle Mercury.

The production of lead in the United States in 1914 exceeded that of any preceding year by more than 100,000 tons.
